He says that the scientists found that “people like numbers in their lives, and they like to know how much they have.” Here’s the video: “People like knowing how much they have, and they like to know how much others have,” he said. “Therefore, the people who start out with the greatest amount of money will end up with the most.” “But how that works is really puzzling,” says Dubner. “So the idea is that people get less happy as they get richer. You think about it and it’s not obvious to you.” In the book “Happiness,” which was recently made into a movie, he and his co-author, Steven Hall, write that getting to the top of a large organization can make you feel as if you have lost control.1978 in country music This is a list of notable events in country music that took place in the year 1978.
